PROJECTS

TalentPulse – Recruitment Agency | Salesforce

Ongoing

- Developed a Salesforce-based recruitment system for candidate, interview, and application tracking.
- Built Screen Flows, Validation Rules, and automation for registration, interview assignment, and rehire eligibility.

Smart India Hackathon 2025 (SIH) | Deepfake Detection

Sept 2024 - Dec 2024

- Built an AI/ML deepfake video detection project for SIH 2025, applying computer vision and deep learning to detect face-swap manipulations.
- Worked on dataset handling, model research, and accuracy testing.

Multi-Agent AI Career Guidance System | Final Year Project

Ongoing

- Architected a 7-agent AI pipeline — profile analysis, skill-gap detection, career recommendation, resume review, and job matching — coordinated by a central orchestrator.
- Applied NLP/ML across 3 real-world datasets (Kaggle, LinkedIn, resume corpora) to deliver personalized career roadmaps via LangChain/CrewAI, with a Streamlit prototype interface.

TechMandi | Smart Sourcing Platform | Full Stack Web Application

Feb 2025

- Engineered a full-stack platform (4-member team, 3-week sprint) with authentication, admin dashboard, and product catalog modules to help vendors source materials from verified suppliers.
- Integrated secure login/signup with an admin dashboard (50+ listings, realtime MySQL sync across 8+ APIs) and a responsive 6-page Tailwind CSS UI with modular, scalable backend APIs.
- Technologies Use: HTML, CSS, JavaScript, SQL, MySQL, Netlify

CERTIFICATIONS & COURSES

- **Google for Developers AI-ML Virtual Intern (EduSkills):** Developed a strong foundation in AI/ML concepts, algorithms, and real-world implementation techniques. ([EduSkills](#))
- **Programming in Java — NPTEL, IIT (2025):** Completed a 12-week proctored course covering Object-Oriented Programming, Multithreading, and GUI development and scored 95 percentile. ([Programming In Java](#))
- **Generative AI — Beyond Curriculum Training (BCT):** LLM Architecture, Generative AI Concepts, Mathematical Foundations. ([Generative AI](#))
- **Python Programming:** Covered core Python syntax, data structures, OOP, and file handling with hands-on exercises. ([Python Programming](#))

INTERNSHIP EXPERIENCE

Generative AI Annotator Internship | RT Network Solutions Pvt Ltd Jan 2026 – Apr 2026

- Annotated 500+ images daily across 4-hour sessions over a 4-month internship (Jan–Apr 2026), supporting Generative AI model training. ([Internship Certificate](#))
